

OFFICE FREYLINGER

Office Freylinger is an internationally acting IP firm based in Luxembourg. We advise SMEs and multinational companies, public-funded or private research organizations as well as business entrepreneurs.

To strengthen our multidisciplinary Patent Attorney team, we are looking for a:

European Patent Attorney (m/f/x)

with at least five years of experience, with a background in **Mechanics, Physics, Electronics and/or IT**.

Work will not only involve drafting, prosecution and opposition in patent matters but there is also the opportunity to get involved in providing assistance to our clients in all Industrial Property matters in developing consistent strategies to help them in acquiring and expanding strong market positions.

The requirements for this position include excellent interpersonal skills, independence in your work, as well as an excellent written and oral command of at least two, preferably all three official languages of the European Patent Office.

Should you be interested in this versatile and responsible job profile, please send your complete application documents including your salary expectations to Mrs Anne RASSEL at jobs@freylinger.com
