# Basic Training Course In European Patent Law

## Hannover 2022

### Tutors:

The tutors of the CEIPI International section are recognized for their expertise in the field of intellectual property and are mainly European patent attorneys (working in industry or in private practice patent firms), but can also be agents from the European Patent Office, the World Intellectual Property Organization or yet recognized experts in the field of Intellectual Property (Academics, magistrates or lawyers for example), from various nationalities and profiles. The diversity of their origins reflects the European and multidisciplinary character of the training.

The course will start online from February 14<sup>th</sup> until November 7<sup>th</sup> 2022.

Later on, as soon as the sanitary situation will allow it ; sessions will either be held in a hybrid or "online only" format, according to the programme next page.

The basic training provides future practitioners in the patent field with systematic and complete tuition on **the legal basis** as well as on **practice** in the area of European patent law. For many years now, **CEIPI** and **epi** have been jointly organizing a basic training in European patent law, principally aimed at future certified European Patent Attorneys.

The basic training is designed both to facilitate preparation for the European Qualifying Examination and to **accompany the practice of the profession**: future practitioners should commence the course as soon as possible after joining a patent firm or the patent department of a company. The list of topics allows to be admitted to most courses after the first year.

Usually, about 350 participants follow this course every year offered simultaneously in the following cities: Aachen, Antwerp, Basel, Barcelona, Berlin, Brussels, Bucharest, Budapest, Cologne, Copenhagen, Darmstadt, Dublin, Düsseldorf, Hanover, The Hague, Helsinki, Istanbul, Kraków, Lausanne, Lisbon, Ljubljana, London, Ludwigshafen, Lyon, Madrid, Manchester, Milan, Munich, Paris, Prague, Riga, Rome, Stockholm, Stuttgart, Ulm, Warsaw, Vienna, Vilnius, Zurich.

## **PROGRAMME:**

The list of topics to be covered encompasses the whole European patent law and qualifying examination syllabus and indicates the reference material to be used.

Please see the programme below.
